Mr. Luke A. Buonanno
2000 Hidden Valley Rd
Macungie, PA 18062-9720

Dear Luke:

Welcome to the University of Delaware! On behalf of the Admissions Committee, it is my pleasure to offer you admission to the Class of 2028. The University community, especially the faculty in the College of Engineering, is pleased to welcome you to the major of mechanical engineering.

We believe that your accomplishments thus far make you an excellent candidate to carry on the University of Delaware's 280-year tradition of academic inquiry rooted in debate, experimentation and research. This tradition instills a spirit of innovation that results in graduates who have made a profound impact in nearly every field: government, law, engineering, education, medicine, technology, business, the arts and sciences, and academia.

At the University of Delaware, you will join an institution with accomplished faculty and ambitious students from across the U.S. and the globe. Our commitment to diversity and international education will ensure you are prepared for life and careers anywhere in the world.

Sign into your student portal, My Blue Hen Home, udel.edu/mybluehenhome, for information about your admission and announcements from the University. Use your portal to confirm your intention to enroll at the University of Delaware by submitting your admission deposit no later than two weeks from the date printed on this letter. You may contact us at admissions@udel.edu with any questions and to request an extension to your deposit deadline.

Luke, you have earned the opportunity to study at one of the most highly regarded academic institutions in the country. Please accept my congratulations and my warm welcome to the University of Delaware community.

Sincerely,

A handwritten signature in black ink, appearing to read 'Yosmeriz Roman'.

Yosmeriz Roman, Ph.D.
